

PORT CANAVERAL

FOREIGN TRADE ZONE #136

Making International Commerce Flow Smoothly, At Lower Cost

Port Canaveral's Foreign Trade Zone #136 provides distinct advantages for businesses either currently engaged in international trade, or considering the possibilities. We can help you take advantage of the benefits to enhance your competitive edge in the international import/export arena. Multimodal transportation options, receiving and warehousing facilities, and affordable services are available to help you extend your market reach and improve your bottom line. Current operators such as American Cruise Aid, SeaPort Canaveral and Airbus OneWeb Satellites are utilizing FTZ #136 to strengthen their international competitiveness.

- Cuts the cost of free trade
- Duty-free storage
- No duty on domestic content or value added
- Relief from inverted tariffs
- No duty on rejected or defective parts
- No duty on waste and scrap
- Reduced processing time and fees
- Reduced transit time

Consider the benefits of using Foreign Trade Zone #136 if you,

- Import materials and export finished products...
- Finished goods carry a lower tariff rate than their imported parts...
- Imported raw materials as waste or scrap...
- Receive multiple import shipments in a week, or...
- Reject or return defective imported items, a foreign trade zone can lessen the hassles and save you money.
