

EXPLANATION OF CONSENT AGENDA ITEM E.2.c.(7) June 7, 2017

ITEM:

Consideration of authorizing staff to issue a formal solicitation for the restroom renovation at Cruise Terminal 8. (Verónica Narváez-Lugo/Bill Crowe)

EXPLANATION:

The guest restrooms at cruise terminal 8 were originally built in the late 90's with modifications in 2009 and the restrooms located at the garage were built in 2009 as part of the extension of the terminal. Earlier this year, the Disney Cruise Manager submitted a request to the CPA to renovate the facilities indicating that the high volume of passengers over the years have evidently deteriorated the restrooms.

Architects RZK, Inc. is in charge of the design and is being coordinated with Disney's Imagineers. The final design is expected by early June 2017. The renovation will include the bathroom fixtures, accessories and partitions replacement, floor and wall tiles replacement and modifications to the existing layout to comply with ADA code requirements.

Staff Recommends Approval
